Special Ed teachers will take the same lunch as the teacher with whom they are paired.

Staff members who find it necessary to take a lunch period other than the one assigned (due to an exam, experiment, etc.) should arrange to trade lunch periods with a staff member who is assigned to the desired one. Please **do not** allow your students in any lunch unless you have been assigned to that lunch or you have worked out a trade with a teacher who is assigned to that lunch period. **If such a trade would become necessary, it is important that the office is advised of that trade in order to inform the cafeteria staff.**
